

Support Ukraine! Become A Sponsor!

Each year, Klik Solutions organizes a March Madness event to benefit a charitable organization. This year we are changing things up just a bit! You are invited to an exclusive fundraising event to celebrate March Madness and support a project near and dear to our hearts. The proceeds from this year's event will go toward the Hope-Children of Ukraine Project to give underprivileged children a chance to learn, grow, and succeed! Here is a bit about our project!

Global Organization Group Ukraine Aid has partnered with Klik Solutions on a new project called Hope—Children of Ukraine. The goal of the project is to assist Ukrainian children from underprivileged families in learning English in a nurturing and enriching environment.

The children have been forced to deal with both a global pandemic and a Russian invasion that has driven so many from their homes and towns, but they have continued with the project, adjusting as they go. The project has recruited additional children to participate, added staff, and provided them with laptops and technology to engage from remote locations. They are currently working with 3 groups of children and they continue to grow!

"We've not only got a great responsibility but also are rewarded by the bright results in our students," says Tatiana Servina, regional representative of the project and English teacher. She continues, "I'm grateful to God and to all the people overseas who supported us all the way, and I'd like to invite you to join in! Let's make a difference together!"

There are several ways you can help!!
